Itchen River

Type of trail: Sea water – Tidal river
Region: South Hampshire
Itchen River

9 miles

Type of trail: Sea water – Tidal river
Region: South Hampshire

General Information
The River can be broken down into 3 parts as far as canoeing is concerned. Firstly the ring of navigation in Winchester city centre; this is the home of Winchester and District Canoe Club.

The second section is another freshwater section between Woodmill and Gaiters Mill. Most of this mile and a half section along Riverside Park and tree covered land up to Lower Itchen Country Park is detailed in the fabulous 'Pub Paddles Book'.

The final section is tidal and runs from Woodmill to where the River enters Southampton Water under the Itchen Bridge. This covers a distance of around 4.5 miles.

The Trail
Launch from the beach outside the Woodmill Outdoor Centre. This is best done halfway between high/low tide and head down stream. On the other side of the Mill Building is the weir where the freshwater Itchen joins the Estuary. The weir is affectionately known as the Woodmill Death Gorge. Paddle downstream past the University Boat Hard and round the double bends. Beware of fast moving rowing boats!

2. Cobden Bridge
This bridge is named after Richard Cobden a politician and free trade campaigner: Just before the bridge is a grey houseboat based on the hull of a WW2 Motor Torpedo Boat.

3. Rail Bridge
The main Southampton to Portsmouth line crosses the river at this point.

4. Northam Bridge
This was originally built as a Toll bridge and for a long time was the only means of crossing the river. Today this is the limit for larger vessels using the river.

5. Paddle around the long sweeping bend. On the left bank of the river is Spitfire Quay where Supermarine Works were sited during WWII. The White Crown on the right bank of the river is St Mary’s Football Stadium home of Southampton FC.

6. Itchen Bridge
The river bends to the left revealing a view of the Itchen Bridge. The bridge was built to replace the floating bridge that had been in use for 140 years. The Itchen Bridge is a Toll bridge. Under the bridge on the right is Southampton Water Activities Centre. There is a slipway and parking at Cross House Hard.

7. On the left is the site where Vosper Thorneycroft used to build Warships and on the right is Dock Head where you can link to the Southampton Water Trail.

Additional Information
Woodmill Outdoor Centre for Canoeing Equipment and courses www.woodmill.co.uk or 023 8091 5746

Portages
No portages, weirs or lock gates.

Licences
Tidal river; no licence or Harbour dues.

Maps covering the area:
OS 1:25,000: Southampton

Accessability
Easy access to the water
Ease of access to the water
Car Parking within 50metres easy walk of launch and recovery. Access to water.

Important:
Your safety comes first always wear a Buoyancy aid.

Difficulty: Do not attempt trail with wind of Force 4 or greater.

License: Canoeing is limited for the safety of other water users.

Paddling Safety

Spending an afternoon canoeing can be a fun way to experience nature, get a great workout and spend time with friends and family. It can also be a dangerous journey, if appropriate safety guidelines are overlooked. Always follow these basic rules.

Wear appropriate clothing
Always wear shoes. Rocks, rough terrain and river beds present serious hazards to boaters without the proper attire. Nearly 90% of all boating injuries are attributed to lack of proper footwear. Other canoe safe clothing includes hats, additional dry clothing, towels, and layered items which can easily be removed.

Know the weather forecast
Find out the weather forecast before you set out on your Canoe Trail. The Met Office, BBC Weather and Local Marina Offices will have an up to date forecast.

Local area
Familiarise yourself with the local area, its sensitive places and protected areas. Be sure to:
- Leave the environment as you find it.
- Take your litter home with you.
- Keep noise to a minimum.
- Do not damage bank side vegetation when launching or landing.
- Where possible keep to any designated paths or launching points.

Check your equipment
Use the checklist below to make sure you have everything you need.

Checklist:
1. Boat
2. Paddle
3. Bailer/sponge
4. Buoyancy Aid
